Media Statement - Qualicum Commons Update

Qualicum Beach, BC - We would like to inform residents that the Town is in dialogue with the Qualicum School District and the Oceanside Commons Society on a proposed agreement that would maintain community access to the Qualicum Commons.

The proposal is still under discussion and is contingent on several outstanding factors, however, we are encouraged by our conversations and feel positive that a practical solution can be reached.

We appreciate the community's patience as these discussions continue and will share confirmed details as they become available.

Teunis Westbroek

Mayor, Town of Qualicum Beach
