File No. 6430-04

TO: Lou Varela, Chief Administrative Officer

FOR: Special Council Meeting

DATE: June 25, 2025

FROM: Heather Svensen, Director of Corporate Services/Deputy CAO

SUBJECT: Visual Identity Refresh Update and Timeline

GOVERNANCE DECISION

For Council to approve the timeline, process and scope of work associated with the Town's Visual Identity Refresh.

Note: Elements outside the scope are not considered under this report

RECOMMENDATIONS:

THAT Council authorizes staff to issue a Request for Proposals (RFP) for the purpose of engaging a consultant to assist the Town in undertaking the Strategic Initiative titled "Visual Identity Refresh" as outlined in the 2024-2025 Town of Qualicum Beach Communications Strategy.

AND FURTHER, THAT Council provide endorsement to establish a Visual Identity Refresh Working Group to provide input into the visual identity process and to help shape the "community story" behind the visual identity.

PURPOSE

To update Council on the status of the Visual Identity Refresh and to receive approval to proceed with the refresh process as outlined in this report, including issuing an RFP and appointment of a Visual Identity Refresh Working Group.

BACKGROUND

A communications audit of the Town's communications channels and practices was completed in March 2022. The audit identified an inconsistent approach to the Town's corporate identity, visual standards, and wordmark and crest usage. It was recommended to develop a visual identity for the Town, including standardized colours, a logo that reflects the Town's identity, a visual standards guide and templates for staff and Council use. The 2024-2025 Town of Qualicum Beach Strategic Communications Plan was presented to Council in December 2024. The strategy outlined three goals, including Goal #2: Undertake a Visual Identity Refresh to strengthen the Town's municipal identity and foster community pride.

The Visual Identity Refresh is included in the 2025-2029 Financial Plan under Corporate Services Strategic Initiatives for 2025.

In 2024, resources and staff capacity were focused on the development of the Town's new website. With the development work completed, resources will now focus on the Visual Identity Refresh.

DISCUSSION

A strong visual identity is essential for reinforcing the Town's leadership, enhancing its presence with the public, and fostering a sense of pride among residents. A refreshed and modernized look will bring consistency to Town communications and assets (physical and digital) and reflect the values of the Qualicum Beach community and aspirations of the Town.

The Visual Identity Refresh will align with best practices, identified through research into other municipalities that have recently undergone a similar process. A unified and recognizable visual identity signals a forward-thinking, professional local government while also creating opportunities to engage the public in shaping how their community is represented.

To support this work, the Town will issue a Request for Proposals (RFP) to secure a qualified firm with expertise in brand development, community engagement, and graphic design. The selected firm will be expected to work closely with staff, Council, and the community to develop a refreshed visual identity that reflects the Town's vision and shared values.

The Town is also seeking Council's endorsement to establish a Visual Identity Refresh Working Group. This Group will be formed of community members representing a broad range of demographics, interests, and lived experiences. Their role will be to contribute to public engagement efforts, provide input into the visual identity process, and help shape the "community story" behind the visual identity. This collaborative approach will ensure the final identity is rooted in local pride and widely supported by residents.

Deliverables within this project include:

- Engagement processes to understand Qualicum Beach's values, priorities, and identity with the following groups:
 - Council and Town Staff
 - Visual Identity Refresh Working Group
 - Members of the public
- Design of a visual identity, including:
 - Visual Standards Guide for use across all Town assets, including fonts, colours, and imagery.
 - Community story that aligns with local values and vision
 - Town of Qualicum Beach logo
 - Standardized templates for Town communications, including letterhead, presentations, signage, social media, newsletters and more.

Town of Qualicum Beach June 25, 2025, Special Council Meeting – **Visual Identity Refresh Update and Timeline** Page **3** of **5**

Proposed Timeline:

- July 2025: Issue RFP
- September 2025: RFP Award
- August September 2025: Staff selection of the Visual Identity Working Group
- September December 2025: Community engagement phase
 - Engagement with Council members
 - o Engagement with Town staff and senior leadership
 - Public engagement
- **December 2025 January 2026:** Present visual identity options to Council for review and direction
- January 2026: Selection of new visual identity for the Town of Qualicum Beach
- February 2026: Public launch of new identity
- 2026-2028: Phased rollout of visual identity across all Town assets

FINANCIAL IMPLICATIONS

The Visual Identity Refresh is included in the 2025-2029 Financial Plan under Good Governance Strategic Initiatives. Budget provisions are included in financial years 2025 to 2028 as follows:

2025 \$ 30,000 Strategic Initiative Reserve:

- Consultant costs
- 2026 \$ 20,000 Strategic Initiative Reserve
 - Consultant costs
 - Transition of Town's digital and physical assets

2027 \$ 50,000 Strategic Initiative Reserve

- Transition of Town's physical assets including signage, vehicle decals and other high visibility assets.
- 2028 \$ 50,000 Strategic Initiative Reserve
 - Transition of Town's physical assets including signage, vehicle decals and other high visibility assets.

PUBLIC PARTICIPATION SPECTRUM (IAP²)

Public Participation Framework developed by the International Association for Public Participation – IAP² International.

| INFORM | CONSULT | INVOLVE | COLLABORATE | EMPOWER |
|---|--|--|--|---|
| Provide balanced and objective data to assist in understanding issues, alternatives, opportunities, and solutions | Obtain feedback on analysis, alternatives, and/or decisions | • Work directly with stakeholders to ensure concerns and aspirations are understood and considered | • Partner with stakeholders in each aspect of the decision, development of alternatives, and identification of preferred solutions | • Final decision making in the hands of the stakeholders |

INFORM:

Provide public and staff with information to support understanding of the project scope, process, and timeline. This includes educational information about the value and benefits of a visual identity refresh.

- Project webpage with background, FAQs, and regular updates
- Social media posts and newsletters introducing the initiative

CONSULT:

Gather targeted input from Council and staff to understand internal needs, values, and vision.

- One-on-one or small group interviews with Council
- Facilitated engagement sessions with staff and senior leadership
- Summary of insights used to inform the direction of the visual identity
- Engage public in identifying the core values and character of the community to support the "community story" behind the visual identity.
 - Online survey and polling through the Town website, email, and social media. A paper survey will be available at Town Hall.
 - Assign a Visual Identity Refresh Working Group.
 - Regular working group meetings with the selected design firm
 - Co-development of the "community story" that grounds the visual identity
 - Review and feedback on design concepts and messaging direction
- While final approval remains with Council, the working group's input will carry significant influence throughout the process.
 - Working group contributes to key recommendations
 - Council receives options informed by the group's guidance and community input
 - Council selects the final visual identity

STRATEGIC PLAN ALIGNMENT

Council's Strategic Plan Focus Area(s) supported by this initiative:

- <u>Good Governance</u>: To govern the public interest of our community while managing competing interests, ensuring availability of transparent and accessible information, fostering respectful public engagement, and demonstrating ethical values.
- <u>Economic Prosperity</u>: To pursue economic opportunities based on sustainable growth, development, and investment that meets the needs of the community.
- <u>Community Health & Wellbeing</u>: To improve the health and wellbeing of people who live, work, and play in the Town.

SUMMARY

The Visual Identity Refresh will be a collaborative process guided by a community-based working group and informed by engagement with Council, staff, and the public. In order to implement the Visual Identity Refresh, staff is seeking Council's approval to issue an RPF, and to establish a Visual Identity Refresh Working Group to help ensure the results are representative of community vision.

ALTERNATIVE OPTIONS

1. THAT Council suggest an altered timeline for the visual identity refresh.

Town of Qualicum Beach June 25, 2025, Special Council Meeting – **Visual Identity Refresh Update and Timeline** Page **5** of **5**

2. THAT Council direct staff to undertake a more in-depth engagement process with or without the assignment of a working group.

APPROVALS

Report respectfully submitted by Heather Svensen, Director of Corporate Services/Deputy CAO.

Heather Svensen Director of Corporate Services/Deputy CAO *Report Author*

Lou Varela, MCIP, RPP Chief Administrative Officer *Concurrence*

Raj Hayre Director of Finance Concurrence

File No. 1600-2199

TO: Lou Varela, Chief Administrative Officer

FOR: Special Council Meeting

DATE: June 25, 2025

FROM: Raj Hayre, Director of Finance

SUBJECT: 2024 Statement of Financial Information (SOFI)

GOVERNANCE DECISION

The 2024 Statement of Financial Information (SOFI) is a legislative requirement pursuant to the *Financial Information Act.* Council approval is required by June 30, 2025.

RECOMMENDATIONS:

THAT the Town of Qualicum Beach 2024 Statement of Financial Information be approved.

PURPOSE

To present the 2024 Statement of Financial Information as required pursuant to the *Financial Information Act.*

BACKGROUND & DISCUSSION

All local governments must prepare an annual Statement of Financial Information in accordance with the *Financial Information Act*. The Statement of Financial Information must be available for public viewing by June 30th each year and be accessible for the following three years. The *Financial Information Act* requires the following information to be included in the SOFI report:

- A schedule of Council remuneration and expenses
- A schedule of Employee remuneration (over \$75,000) and expenses and reconciliation to the financial statements
- A schedule of Supplier payments for goods and services (over \$25,000) and a reconciliation to the financial statements
- A schedule of long-term debt, a schedule of guarantee and indemnity agreements, and report on number of employee severance agreements
- Management Report (included in the 2024 Audited Financial Statements)
- Consolidated financial statements of financial position, operations and net financial assets
- Notes and schedules to the financial statements

When reviewing the Schedule of Employee Remuneration and Expenses, it is important to note that, besides the annual consumer price index or collective agreement adjustments, employee remuneration may differ from the previous year due to several other factors.

The most significant of these factors include the payout of unused vacation time, the payout of Union employee overtime, and on-call pay for some employees.

FINANCIAL IMPLICATIONS

There are no financial implications anticipated from this report.

MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The accompanying consolidated financial statements of the Town of Qualicum Beach (the "Town") are the responsibility of the Town's management and have been prepared in compliance with legislation, and in accordance with generally accepted accounting principles for local governments established by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada. A summary of the significant accounting policies are described in Note 1 to the consolidated financial statements. The preparation of consolidated financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

The Town's management maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the consolidated financial statements. These systems are monitored and evaluated by management.

Mayor and Council meet with management and the external auditors to review the consolidated financial statements and discuss any significant financial reporting or internal control matters prior to their approval of the consolidated financial statements.

The consolidated financial statements have been audited by KPMG LLP, independent external auditors appointed by the Town. The accompanying Independent Auditor's Report outlines their responsibilities, the scope of their examination and their opinion on the Town's consolidated financial statements.

KPMG LLP

177 Victoria Street, Suite 400 Prince George, BC V2L 5R8 Canada Telephone 250 563 7151 Fax 250 563 5693

INDEPENDENT AUDITOR'S REPORT

To the Mayor and Council of the of Town of Qualicum Beach

Opinion

We have audited the consolidated financial statements of Town of Qualicum Beach (the Town), which comprise:

- the consolidated statement of financial position as at December 31, 2024
- the consolidated statement of operation and accumulated surplus for the year then ended
- the consolidated statement of changes in net financial assets for the year then ended
- the consolidated statement of cash flows for the year then ended
- and notes to the consolidated financial statements, including a summary of significant accounting policies

(Hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the consolidated financial position of the Town as at December 31, 2024 and its consolidated results of operations and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our auditor's report.

We are independent of the Town in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Page 2

In preparing the financial statements, management is responsible for assessing the Town's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Town or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Town's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

• Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Town's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Town to cease to continue as a going concern.

Page 3

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Town to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

Notes to Consolidated Financial Statements

Year ended December 31, 2024

Nature of operations:

The Town of Qualicum Beach (the "Entity") was incorporated on May 5, 1942 under the provisions of the Local Government Act of British Columbia. The Town's principal activities include the provision of services to residents of Qualicum Beach. These include general government services, protective services, transportation services, solid waste services, water services, sewer services, planning and development services, and parks and community services.

1. Significant accounting policies:

These consolidated financial statements of the Town are prepared in accordance with Canadian generally accepted accounting principles for governments as recommended by the Public Sector Accounting Board ("PSAB") of the Chartered Professional Accountants of Canada. Significant accounting policies adopted by the Town are as follows:

- (a) Basis of consolidation:
 - (i) Consolidated entities:

The consolidated financial statements reflect the assets, liabilities, revenues and expenses of the Town. The Town is comprised of all organizations, committees and local boards accountable for the administration of it's financial affairs and resources to the Town and which are owned or controlled by the Town.

(ii) Accounting for Region and School Board transactions:

The taxation, other revenues, expenses, assets and liabilities with respect to the operations of the Region and the School Board are not reflected in these consolidated financial statements.

(iii) Trust funds:

Trust funds and their related operations administered by the Town are not included in these consolidated financial statements.

Year ended December 31, 2024

1. Significant accounting policies (continued):

(b) Basis of accounting:

The Town follows the accrual method of accounting for revenues and expenses. Revenues are normally recognized in the year in which they are earned and measurable. Expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and/or the creation of a legal obligation to pay.

(c) Revenue recognition:

Taxation and user fee revenues are recognized in accordance with the provisions of the Community Charter. The Town is required to act as the agent for the collection of certain taxes and fees imposed by other authorities. Collections for other authorities are excluded from the Town's taxation revenues, except for the taxes collected for the Vancouver Island Regional Library.

Revenue unearned in the current period is reported on the consolidated statement of financial position as deferred revenue.

(d) Investment income:

Investment income is reported as revenue in the period earned. When required by the funding government or related Act, investment income earned on deferred revenue is added to the investment and forms part of the deferred revenue balance.

(e) Government transfers:

Government transfers, which include legislative grants, are recognized as revenue in the financial statements when the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfer revenue is recognized in the statement of operations as the stipulations for liabilities are settled.

(f) Cash and cash equivalents:

Cash equivalents include short-term highly liquid investments with a term to maturity of 90 days or less at acquisition.

Year ended December 31, 2024

1. Significant accounting policies (continued):

(g) Assets held for sale:

Assets held for sale are those expected to be sold within one year. They are valued at the lower of cost or expected net realizable value. When a decline in net realizable value is determined to be other than temporary, the impairment is recognized in the consolidated statement of operations and accumulated surplus.

(h) Accrued employee benefits:

The Town and its employees make contributions to the Municipal Pension Plan. These contributions are expensed as incurred.

In addition to the Municipal Pension Plan, sick leave and other retirement benefits are also available to the Town's employees. The costs of these benefits are determined based on years of service and best estimates of retirement ages and expected future salary and wage increases. The obligations under these benefit plans are accrued based on projected benefits earned as the employees render services necessary to earn the future benefits.

(i) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

(i) Inventories:

Inventories of supplies held for consumption are recorded at the lower of cost and replacement cost.

Year ended December 31, 2024

1. Significant accounting policies (continued):

- (i) Non-financial assets (continued):
 - (ii) Tangible capital assets:

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets, excluding land, are amortized on a straight-line basis over their estimated useful lives as follows:

| Asset | Useful life - Years |
|-------------------|---------------------|
| Buildings | 5-50 |
| Equipment | 3-20 |
| Land improvements | 10-75 |
| Transportation | 20-75 |
| Water and sewer | 50-80 |

A full year of amortization is charged in the year that an asset becomes available for productive use and none in the year of disposal.

Assets under construction are not amortized until the asset is available for productive use.

(iii) Contributions of tangible capital assets:

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt and also are recorded as revenue.

(iv) Interest capitalization:

The Town does not capitalize interest costs associated with the acquisition or construction of a tangible capital asset.

Year ended December 31, 2024

1. Significant accounting policies (continued):

(j) Use of estimates:

The preparation of the financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the year. Significant items subject to such estimates and assumptions include the carrying value of tangible capital assets, collectibility of accounts receivable, accrued liabilities, obligations related to employee future benefits, and the provision for asset retirement obligations.

The Town's implementation of PS3280 Asset Retirement Obligations has resulted in the requirement for management to make estimates regarding the useful lives of affected tangible capital assets and the expected retirement costs, as well as the timing and duration of these retirement costs.

Actual results could differ from those estimates.

(k) Contaminated sites:

Contaminated sites are defined as the result of contamination being introduced in air, soil, water or sediment of a chemical, organic, or radioactive material or live organism that exceeds an environmental standard.

A liability for remediation of contaminated sites is recognized, net of any expected recoveries, when all of the following criteria are met:

- a) an environmental standard exists;
- b) contamination exceeds the environmental standard;
- c) the organization is directly responsible or accepts responsibility for the liability;
- d) future economic benefits will be given up; and
- e) a reasonable estimate of the liability can be made.

Year ended December 31, 2024

1. Significant accounting policies (continued):

(I) Asset retirement obligation:

An asset retirement obligation is recognized when, as at the financial reporting date, all of the following criteria are met:

- a) there is a legal obligation to incur retirement costs in relation to a tangible capital asset;
- b) the past transaction or event giving rise to the liability has occurred;
- c) it is expected that future economic benefits will be given up; and
- d) a reasonable estimate of the amount can be made.

The estimate of the asset retirement obligation includes costs directly attributable to the asset retirement activities.

If the tangible capital asset is in productive use, the estimated obligation is recorded as a liability and increase to the related tangible capital asset. The increase to the tangible capital asset is amortized in accordance with the amortization accounting policy outlined in note 1(i)(ii). The carrying value of the liability is reviewed at each financial reporting date with changes to the amount of the original estimate of cash flows recorded as an adjustment to the asset retirement obligations liability and related tangible capital asset.

If the tangible capital asset is unrecognized or no longer in productive use, the asset retirement costs are expensed. The carrying value of the liability is reviewed at each financial reporting date with changes to the amount of the original estimate of cash flows recorded as an adjustment to the asset retirement obligations liability and expense.

Year ended December 31, 2024

1. Significant accounting policies (continued):

(m) Financial instruments:

Financial instruments include cash and cash equivalents, accounts receivable, Municipal Finance Authority ("MFA") deposit, accounts payable and accrued liabilities, accrued employee benefits, performance bonds and deposits, and long-term debt. Cash and cash equivalents include cash, high-interest savings accounts and short-term highly liquid investments that are readily convertible to known amount of cash and are subject to insignificant risk of changes in value.

Financial instruments are recorded at fair value on initial recognition. Equity instruments quoted in an active market and derivatives are subsequently measured at fair value as at the reporting date. All other financial instruments are subsequently measured at cost or amortized cost unless the Town has elected to carry the financial instrument at fair value. The Town has elected to carry any financial instruments at cost.

Unrealized changes in fair value would be recognized on the consolidated statement of remeasurement gains and losses. They are recorded in the consolidated statement of operations when they are realized. There are no unrealized changes in fair value as at December 31, 2024 and 2023 as the Town does not hold any equity instruments quoted in an active market nor any derivatives. As a result, the Town does not have a consolidated statement of statement of remeasurement gains and losses.

Transaction costs incurred on the acquisition of financial instruments subsequently measured at fair value are expensed as incurred. Transaction costs incurred on the acquisition of financial instruments recorded at cost or amortized cost are included in the cost.

Sales and purchases of investments are recorded on the trade date.

All financial assets are assessed for impairment on an annual basis. When a decline is determined to be other than temporary, the amount of the loss is reported in the consolidated statement of operations.

Year ended December 31, 2024

2. Changes in accounting policies:

(a) PS 3400 - Revenue:

On January 1, 2024, the Town adopted Canadian public sector accounting standard 3400 Revenue. The new accounting standard establishes a single framework to categorize revenue to enhance the consistency of revenue recognition and its measurement. As at December 31, 2024, the Town determined that the adoption of this new standard did not have an impact on the amounts presented in the consolidated financial statements.

(b) PS 3160 - Public Private Partnerships:

On January 1, 2024, the Town adopted PS 3160 – Public Private Partnerships ("P3"). This new accounting standard identifies requirements on how to account for and disclose transactions in which public sector entities procure major infrastructure assets and/or services from private sector entities. Recognition of assets arising from P3 arrangements is ultimately dependent on whether public sector entities control the purpose and use of the assets, access to the future economic benefits and exposure to the risks associated with the assets, and significant residual interest in the asset, if any, at the end of the P3 term. Measurement of the asset and related liability will also be dependent on the overall model used to compensate the private sector entity. The Town adopted the standard prospectively. The implementation of this new standard did not result in identification of transactions that would meet the definition of P3.

(c) Public Sector Guideline 8 - Purchased Intangibles:

On January 1, 2024, the Town adopted Public Sector Guideline 8 – Purchased Intangibles. This new guideline allows public sector entities to recognize intangibles purchased through an exchange transaction. The Town adopted the standard prospectively. The implementation of this new standard did not result in identification of assets that would meet the definition of purchases intangibles

Year ended December 31, 2024

2. Changes in accounting policies (continued):

(d) Future accounting prononcements:

These standards and amendments were not effective for the year ended December 31, 2024, and have therefore not been applied in preparing these consolidated financial statements. Management is currently assessing the impact of the following accounting standards updates on the future consolidated financial statements.

- i. Concepts Underlying Financial Performance. The revised conceptual framework will replace the existing conceptual framework, which consists of Section PS 1000, Financial Statement Concepts, and Section PS 1100, Financial Statement Objectives. The conceptual framework is to be adopted prospectively. This revised conceptual framework is effective for fiscal years beginning on or after April 1, 2026 (the Town's December 31, 2027 year end).
- ii. PS 1202, Financial Statement Presentation, will replace the current section PS 1201. The Town is currently assessing the impact of this standard on the future financial statements. Prior period amounts would need to be restated to conform to the presentation requirements for comparative financial information. This standard is effective for fiscal years beginning on or after April 1, 2026 (the Town's December 31, 2027 year end).
- iii. PS 3251, Employee Benefits, will replace the current sections PS 3250 and PS 3255. The proposed section is currently undergoing discussions where further changes are expected as a result of the re-exposure comments. Effective date is currently not determined.

3. Cash and cash equivalents:

Included in cash and cash equivalents is \$270,654 (2023 - \$270,652) that is invested on behalf of the cemetery trust fund. These funds may only be used for the upkeep and care of the cemetery and burial plots.

Year ended December 31, 2024

4. Accounts receivable:

| | 2024 | 2023 |
|---------------------------------------|-----------------|-----------------|
| Property taxes | \$ 458,609 | \$ 447,072 |
| Water rates | 361,443 | 329,417 |
| Sewer rates | 208,794 | 197,797 |
| Solid waste | 227,110 | 212,829 |
| Local area service tax receivable | 546,319 | - |
| Receivable from federal government | 1,005,715 | 1,018,638 |
| Receivable from provincial government | 1,565,369 | 1,000,095 |
| Interest receivable | 94,220 | 124,459 |
| Trade receivables | 169,374 | 140,864 |
| | \$ 4,636,953 | \$ 3,471,171 |

5. Accounts payable and accrued liabilities:

| | 2024 | 2023 |
|--|---|--|
| Trade payables Payable to federal government Payable to provincial government Holdbacks payable | \$ 1,726,271 444,474 47,618 227,920 | \$ 2,687,672 988,257 359,979 184,803 |
| | \$ 2,446,283 | \$ 4,220,711 |

Year ended December 31, 2024

6. Deferred revenue:

| | | 2024 | 2023 |
|--------------------------|----|-----------|-----------------|
| Prepaid taxes | \$ | 1,655,376 | \$ 1,560,894 |
| Prepaid utilities | r | 18,318 | 13,224 |
| Development cost charges | | 3,264,160 | 2,941,318 |
| Off street parking | | 376,407 | 336,999 |
| Grants | | 1,012,033 | 913,395 |
| Land lease | | 139,375 | 143,125 |
| Shoreline works | | 45,000 | 45,000 |
| Building permits | | 8,479 | 126,202 |
| Building licenses | | 4,470 | 17,210 |
| Other | | 61,087 | 47,401 |
| | \$ | 6,584,705 | \$ 6,144,768 |

Development cost charges (DCC) includes statutory reserves that are required to be set-up under section 188(2) of the Community Charter.

Year ended December 31, 2024

7. Long-term debt:

| | 2024 | 2023 |
|--|-----------------|-----------------|
| Municipal Finance Authority Loan bearing interest at 2.25% per annum, principal payments of \$231,468 | | |
| semi-annually plus interest, due November 30, 2025. Municipal Finance Authority Loan bearing interest at a daily floating rate, payments of \$17,156 monthly | \$ 462,936 | \$ 925,873 |
| including interest, due December 31, 2027. Municipal Finance Authority Loan bearing interest at a daily floating rate, payments of \$38,322 monthly | 588,461 | 771,615 |
| including interest, due October 31, 2028. | 1,636,695 | 2,000,000 |
| | \$ 2,688,092 | \$ 3,697,488 |
| Principal repayments are due as follows: | | |
| 2025 | | \$ 1,058,506 |
| 2026 | | 618,341 |
| 2027 | | 644,336 |
| 2028 | | 366,909 |
| | | \$ 2,688,092 |

8. Assets retirement obligation:

The Town owns and operates several buildings that are known to have asbestos, which represents a health hazard upon demolition of the buildings and there is a legal obligation to remove it. Following the adoption of PS 3280 - Asset Retirement Obligations, the Town recognized an obligation relating to the removal and post-removal care of the asbestos in these buildings as estimated in the amount of \$307,130.

Year ended December 31, 2024

9. Tangible capital assets:

The Town manages and controls various works of art located at Town sites and public display areas including paintings and a sculpture. These assets are not recorded as tangible capital assets and are not amortized.

| Other | | 55,332 | | 67,590 |
| | \$ | 2,076,231 | \$ | 67,590 |

Community amenity contributions (CAC) is a voluntary contribution that a developer provides to a municipality, typically as part of a rezoning or development approval process, to help offset the impacts of increased density or population growth. In 2024, the Town received \$375,000 in CAC.

The local area service taxes - East Village relates to the recovery of costs incurred for the underground servicing and beautification work performed on Second Avenue East.

Year ended December 31, 2024

15. Commitments and contingencies:

(a) Regional District

The Town is responsible, as a member of the Regional District of Nanaimo and the Nanaimo Regional Hospital District, for its proportion of any operating deficits or capital debt related to functions in which it participates.

(b) Municipal Pension Plan

The Town and its employees contribute to the Municipal Pension Plan (a jointly trusteed pension plan). The board of trustees, representing plan members and employers, is responsible for administering the plan, including investment of assets and administration of benefits. The plan is a multi-employer defined benefit pension plan. Basic pension benefits are based on a formula. As at December 31, 2024, the plan has about 256,000 active members and approximately 129,000 retired members. Active members include approximately 45,000 contributors from local governments.

Every three years, an actuarial valuation is performed to assess the financial position of the plan and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plan. The actuary's calculated contribution rate is based on the entry age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plan. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2021, indicated a \$3,761 million funding surplus for basic pension benefits on a going concern basis.

The Town paid \$520,275 (2023 - \$449,731) for employer contributions to the plan in fiscal 2024.

The next valuation will be as at December 31, 2024.

Employers participating in the plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plan records accrued liabilities and accrued assets for the plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plan.

Year ended December 31, 2024

15. Commitments and contingencies (continued):

(c) Municipal Finance Authority contingent demand notes

Under borrowing arrangements with the MFA, the Town is required to lodge security by means of a demand note and an interest-bearing cash deposit based on the amount of the borrowing. As a condition of the borrowing, a portion of the debenture proceeds is withheld by the MFA as a debt reserve fund. This deposit is included in the Town's financial assets and is held by the MFA as security against the possibility of debt repayment default. If the debt is repaid without default, the deposit is refunded to the Town. At December 31, 2024, there was a contingent demand note of \$212,517 (2023 - \$212,517) which was not included in the financial statements of the Town.

(d) Municipal Insurance Association of British Columbia

The Town is a participant in the Municipal Insurance Association of British Columbia. Should the Association pay out claims in excess of premiums received, it is possible that the Town, along with other participants, would be required to contribute towards the deficit.

(e) Contingent liabilities

The Town may, from time to time, be involved in legal proceedings, claims, and litigation that arise in the normal course of business. It is considered that the potential claims would not materially affect the Town's financial statements and any amounts ultimately settled will be recorded in the period in which the claim is resolved. At December 31, 2024, there are no claims outstanding.

16. Segmented information:

The Town is a diversified municipal government that provides a wide range of services to its residents. The following is a description of the types of services included in each of the main segments of the Town's financial statements:

General government services

Services related to general corporate and legislative governance and administration as well as human resources, information technology and financial management.

Protective services

Services related to providing fire protection, bylaw enforcement and building inspection to the Town, as well as the Town's share of expenses related to providing policing.

Year ended December 31, 2024

16. Segmented information (continued):

Transportation services

Services related to the delivery of municipal public works services including the development and maintenance of roadway systems, street lighting, airport operations and other public works and engineering related services.

Solid waste services

Services related to the collection of garbage and chipping as well as environmental testing and monitoring.

Water services

Services related to the delivery of water and the planning and development and maintenance of the Town's water infrastructure.

Sewer services

Services related to the sanitary sewer removal and the planning and development and maintenance of the Town's sewer infrastructure.

Planning and development services

Services related to planning for development and for improving quality of life and sustainability initiatives.

Parks and community services

Services related to the development and maintenance of parks and trails, municipal landscaping, and providing and maintaining recreation and cultural buildings.

The following statement provides additional information for the foregoing functions. The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements as disclosed in Note 1.

Year ended December 31, 2024

17. Budget data

The budget data presented in these consolidated financial statements is based upon the 2024 operating and capital budgets approved by Council via Bylaw 789 on March 13, 2024.

The table below reconciles the approved budget to the budget figures reported in these consolidated financial statements:

| | Budget amount | | | |
|------------------------------------|---------------|--|--|--|
| Revenue: | | | | |
| Operating budget | \$ 26,994,300 | | | |
| Less: | | | | |
| Add: | | | | |
| Transfers from surplus or reserves | 10,606,700 | | | |
| Total revenue | 37,601,000 | | | |
| Expenses: | | | | |
| Operating budget | 18,147,600 | | | |
| Capital budget | 13,831,000 | | | |
| Less: | | | | |
| Add: | | | | |
| Transfers to reserves | 4,387,200 | | | |
| Debt principal repayments | 1,017,100 | | | |
| Debt interest payments | 218,100 | | | |
| Total expenses | 37,601,000 | | | |
| | \$ - | | | |

18. Comparative information:

Certain 2023 comparative figures have been reclassified to conform with the consolidated financial statement presentation adopted for the current year. The changes had no impact on prior year annual surplus.

Schedule 1 - Canada Community Building Fund

Year ended December 31, 2024

| | 2024 | | | |
|---|-----------------|----|-------------------|--|
| Opening balance | \$ 939,812 | \$ | 453,783 | |
| Grant funds received Interest earned | 487,013 - | | 471,343 33,891 | |
| | 1,426,825 | | 959,017 | |
| Project expenditures | 227,560 | | 19,205 | |
| | \$ 1,199,265 | \$ | 939,812 | |

Canada Community Building Fund grants are provided by the Government of Canada. Use of the funding is established by a funding agreement between the Municipality and the Union of British Columbia Municipalities. Canada Community Buildings Fund grants may be used towards designated public transport, community energy, water, wastewater, solid waste and capacity building projects, as specified in the funding agreement.

Schedule 2 - COVID-19 Safe Restart Grant

Year ended December 31, 2024

| | 2024 | | | 2023 |
|---|------|---|----|--------|
| Opening balance | \$ | - | \$ | 80,000 |
| Project expenditures | | | | |
| Technology costs to improve remote work | | - | | 38,378 |
| Emergency services | | - | | 11,108 |
| Planning and community development | | - | | 30,514 |
| | | - | | 80,000 |
| | \$ | _ | \$ | - |

Schedule 3 - Growing Communities Fund

Year ended December 31, 2024 (Unaudited)

The Province of British Columbia distributed conditional Growing Communities Fund (GCF) grants to communities at the end of March 2023 to help local governments build community infrastructure and amenities to meet the demands of population growth. The GCF provided a one-time total of \$1 billion in grants to all 161 municipalities and 27 regional districts in British Columbia.

The Town received \$3,346,000 of GCF funding in March 2023.

| | 2024 | 2023 |
|------------------------|-----------------|-----------------|
| Growing Community Fund | \$ 3,414,107 | \$ 3,346,000 |
| Project expenditures: | | |
| Park upgrades | - | 61,968 |
| Skate park project | 11,200 | - |
| | 3,402,907 | 3,284,032 |
| Interest earned | 170,603 | 130,075 |
| | \$ 3,573,510 | \$ 3,414,107 |

File No. 0640-20

- TO: Heather Svensen, Director of Corporate Services/Deputy CAO
- FOR: Special Council Meeting

DATE: June 25, 2025

FROM: Danielle Leurebourg, Deputy Director of Corporate Services

SUBJECT: 2024 Annual Report

GOVERNANCE DECISION

The 2024 Annual Report is a legislative requirement pursuant to the Community Charter.

RECOMMENDATIONS:

THAT the Town of Qualicum Beach 2024 Annual Report be approved.

PURPOSE

To present the 2024 Annual Report as required pursuant to the Community Charter.

BACKGROUND & DISCUSSION

Section 98 of the *Community Charter* requires Council to prepare an annual report, make the report available for public inspection and consider the report at a Council meeting along with any submissions or questions from the public regarding the report. The Annual Report must include:

- The municipality's audited annual financial statements for the previous year (2024).
- A list of the permissive tax exemptions provided by Council and for each exemption, the amount of general municipal property tax that would have been imposed during the previous year if the exemption had not been granted;
- A report on the municipality's services and operations for the previous year;
- A progress report on the performance of the municipality with respect to established objectives and measures;
- A statement of objectives and measures that will be used as the basis for determining the municipality's performance during the previous year and the current year (2025); and
- The details of any declarations of disqualification made against individual Council members during the previous year.

Notification of the 2024 Annual Report availability for public inspection has been advertised in accordance with legislated requirements and has been available for inspection on the Town's website with a hard copy available for review at Town Hall since June 11, 2025.

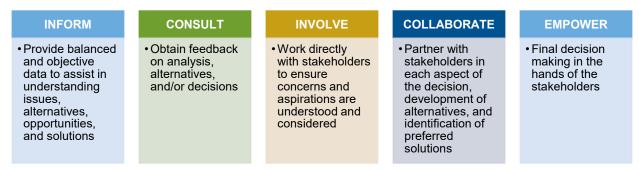

Town of Qualicum Beach June 25, 2025, Special Council Meeting – **2024 Annual Report** Page **2** of **2**

FINANCIAL IMPLICATIONS

There are no financial implications anticipated from this report.

PUBLIC PARTICIPATION SPECTRUM (IAP²)

Public Participation Framework developed by the International Association for Public Participation – IAP² International.

INFORM:

• The approved Annual Report is available on the Town's website.

STRATEGIC PLAN ALIGNMENT

Council's Strategic Plan Focus Area(s) supported by this initiative:

• <u>Good Governance</u>: To govern for the public interest of our community while managing competing interests, ensuring availability of transparent and accessible information, fostering respectful public engagement, and demonstrating ethical values.

SUMMARY

Notification that the 2024 Annual Report is available for public inspection and has been advertised in accordance with legislated requirements and has been available for inspection on the Town's website with a hard copy available for review at Town Hall since June 11, 2025.

APPROVALS

Report respectfully submitted by Danielle Leurebourg, Deputy Director of Corporate Services.
